## TECHNICAL SKILLS

## OBJECTIVE

With my passion of art, coding, and research, I want to focus on a career that I can love. My objective in UX is to work with a team of fervent individuals by moving to a full-time user experience role. Where empathizing and understanding the user merges with intelligent and creative design, I want to be a critical role in the success of any product delivered.

## EXPERIENCE

### FitForm, LLC June 2016 - Present
